A horizontal bar with a teal left half and an orange right half.

Intro / Project presentation / Tech stack

- Java 21
- Jakarta EE 10
- Wildfly Application Server
- MySQL
- Angular 17
- Bootstrap 5
- Postman collection for testing

Backend

- Converted from console app to web application
- RESTful API creation
- Created Postman collection to test all the endpoints

A horizontal bar with a teal left half and an orange right half.

Frontend

- Define interfaces for models
- User Service: Rest API endpoints
- Components: Login, Register, Home, User, Header

A horizontal bar with a teal segment on the left and an orange segment on the right.

Challenges / Learnings / Next steps

- Explored new areas in Java
- Postman testing
- Angular development server instant feedback

- Authentication
- Property & Repair entities in frontend
- Deploy to production
